Summary

I'm a freelance web developer with almost 10 years of experience working on a variety of different projects for a mixture of clients who range in size all the way from local business to the NHS.

My passion is creating solutions that actually work for clients and enable them to grow their business using the solutions I've provided.

Experience

Freelance web developer - 2013 to present

Notable projects include:

NHS - Creating a website for Bedfordshire, Luton & Milton Keynes Integrated Care Board to enable them to have a single destination for all of their merged document libraries.

Must Wine - Taking a bricks and mortar wine bar and turning it into an online shop and online events company through lockdown, allowing them to go from zero online sales to a turnover over of nearly £60k within 12 months

AtaxiaUK - Creating a new responsive based website focussing on updating their donation process and donation systems. This also included updating how they respond to previous and new customers wishing to sign up to mailing lists and training them on how to use their new content management system after upgrading from their previous web portal.
